WORK EXPERIENCE

● Front-End Integrator

Turbulent / National Bank of Canada — (August 2025 – Present)
Montréal, Québec, Canada

- Integration of web content on Adobe Web Management for the banking sector, meeting the highest accessibility (WCAG), SEO and integration quality standards
- Collaboration with a multidisciplinary team to ensure consistency across design, UX and integration
- Participation in UAT (user acceptance testing) and documentation of processes to track and support feature evolution

● Intern – Web Analyst

Le Magasin des Commerçants S&P Ltée — (March 2025 – May 2025)
Montréal, Quebec, Canada

- Technical SEO audit identifying critical weaknesses on the e-commerce site (HTML tags, meta descriptions, image compression)
- Technical recommendations based on user analysis for the UX redesign of product and category pages

● Graphic Designer

Flash Grafix — (June 2022 – January 2024)
Laval, Quebec, Canada

- Creation and retouching of graphic elements for print and digital media
- Use of software such as Adobe Illustrator, Photoshop and InDesign
- Work within a production chain to meet client needs and respect deadlines

● Press Assistant

SupremeX Inc. — (May 2022 – June 2022)
Laval, Quebec, Canada

- Ink preparation, machine setup and print quality control
- Assisted the operator on a Komori 4-colour press for industrial printing
